

# Music Entertainment

A fast paced, high energy type of performance. that is exciting, motivating, and entertaining. From Classical, Jazz, Patriotic to Radio-style... Confetti, stage props, audience participation.

**All Around Fun!**

Dave holds multiple music degrees.

At 36, his full time efforts have found him to be a Billboard recognized songwriter, a studio musician, an orchestrator of some 200+ songs, a regular giggin' trombone/piano player, singer, and founder of an award-winning urban acappella group.

He's combined these experiences with 25 chronically tuned bulb-horns, custom made from a top-of-the-line German horn maker, to create "Dave The Horn Guy".

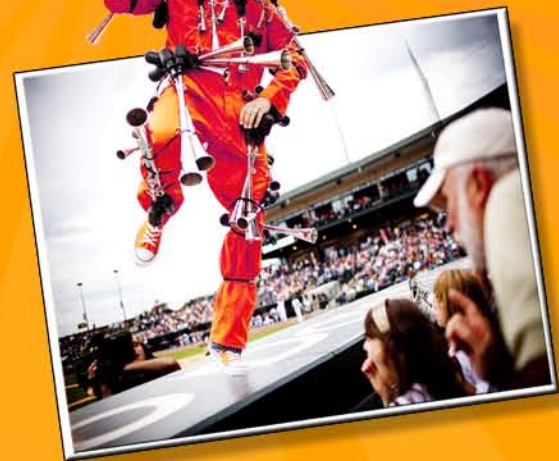

#### For Booking
